LASIK-Refractive Surgery
PRK-Refractive Surgery

Castle Connolly's Top Doctors in the Bay Area 2024

PHOTO BY JENG NIAMHANHSTOCK

With over 30 years' experience researching, reviewing, and selecting Top Doctors, Castle Connolly is a trusted and credible healthcare research and information company. Our mission is to help people find the best healthcare by connecting patients with best-in-class healthcare providers.

Castle Connolly's physician-led team of researchers follows a rigorous screening process to select top doctors on both the national and regional levels. Its online nomination process is open to all licensed physicians in America who are able to nominate physicians in any medical specialty and in any part of the country, as well as indicate whether the nominated physician(s) is, in their opinion, among the best in their region in their medical specialty or among the best in the nation in their medical specialty. Then, Castle Connolly's research team thoroughly vets each physician's professional qualifications, education, hospital and faculty appointments, research leadership, professional reputation, disciplinary history and if available, outcomes data. Additionally, a physician's interpersonal skills such as listening and communicating effectively, demonstrating empathy, and instilling trust and confidence, are also considered in the review process. The Castle Connolly Doctor Directory is the largest network of peer-nominated physicians in the nation.

In addition to Top Doctors, Castle Connolly's research team also identifies Rising Stars, early career doctors who are emerging leaders in the medical community.

Physicians selected for inclusion in this magazine's "Top Doctors" and "Rising Stars" feature may also appear online at www.castleconnolly.com, or in conjunction with other Castle Connolly Top Doctors databases online and/or in print.

Castle Connolly is part of Everyday Health Group, a recognized leader in patient and provider education, attracting an engaged audience of over 82 million health consumers and over 900,000 U.S. practicing physicians and clinicians to its premier health and wellness digital properties. Our mission is to drive better clinical and health outcomes through decision-making informed by highly relevant information, data, and analytics. We empower healthcare providers and consumers with trusted content and services delivered through Everyday Health Group's world-class brands.
